Author Index for Volume 14

Abraham, Tomas
Evaluating the Virtual Management Information Systems Classroom, 14(2), pp. 125-134

Baker, Howard J.
The Learning Log, 14(1), pp. 11-14

Ballenger, Robert M.
A Database Design And Development Case: Elk County Pediatric Medical Center, 14(3), pp. 275-284

Beard, Jon W.
Coming to Grips with the Management of Information: A Classroom Exercise, 14(1), pp. 15-30

Beauvais, Laura L.

Becerra-Fernandez, Irma

Born, Apiwan D.
How To Reduce Plagiarism, 14(3), pp. 223-224

Brasethyik, Terie
Introducing Peer Review in an IS Analysis Course, 14(1), pp. 101-117

Brinthaupt, Thomas M.
Faculty and Industry Conceptions of Successful Computer Programmers, 14(4), pp. 409-417

Bryant, Kay
Impact of Web Based Flexible Learning on Academic Performance in Information Systems, 14(1), pp. 41-50

Butterfield, Jeff
Improving the Learning Environment in Beginning Programming Classes: An Experiment in Gender Equity, 14(1), pp. 69-76

Campbell, John
Impact of Web Based Flexible Learning on Academic Performance in Information Systems, 14(1), pp. 41-50

Carpenter, Donald A.
Reinforced Learning in the Data Communications Course Using a Teleprocessing Line Speed Decision Support System, 14(1), pp. 51-58
Meaningful Information Systems Internships, 14(2), pp. 201-207

Cowan, E. James

Crews, Thad
Improving the Learning Environment in Beginning Programming Classes: An Experiment in Gender Equity, 14(1), pp. 69-76

Cuyler, Tom
Customer Service at SWU’s Occupational Health Clinic, 14(3), pp. 241-246
Dadashzadeh, Mohammad
A Simpler Approach to Set Comparison Queries in SQL, 14(4), pp. 345-348

Davis, Diane C.
Job Titles, Tasks, and Experiences of Information Systems and Technologies Graduates from a Midwestern University, 14(1), pp. 59-68

Denton, James W.
Selection and Use of MySQL in a Database Management Course, 14(4), pp. 393-399

Desplaces, David E.

Eder, Lauren B.
The Transformation of AT&T's Enterprise Network Systems Group to Avaya: Enabling The Virtual Corporation Through Reengineering And Enterprise Resource Planning, 14(3), pp. 325-331

Elam, Joyce

Freeman, Lee A.
Simulation and Role Playing with LEGO® Blocks, 14(2), pp. 137-144

Gatlin-Watts, Rebecca
Computer Availability and Applications in Selected European Business Schools, 14(2), pp. 173-180

Gelinas, Ulric J.
The U.S. Treasury Tests A New Payment Mechanism, 14(3), pp. 259-270

Gendron, Michael
The Integration of Technology Theory and Business Analysis: A Pedagogical Framework for the Undergraduate MIS Course in Data Communications and Networking), 14(4), pp. 353-364

Gogan, Janis L.
The U.S. Treasury Tests A New Payment Mechanism, 14(3), pp. 259-270

Hackney, Ray
Using Cases As A Teaching Tool In IS Education, 14(3), pp. 229-234

Harris, Al
Using Cases As A Teaching Tool In IS Education, 14(3), pp. 229-234

Havelka, Douglas
Predicting Software Self Efficacy among Business Students: A Preliminary Assessment, 14(2), pp. 145-152

Holmes, Judy D.
How To Reduce Plagiarism, 14(3), pp. 225-228

Hoxmeier, John
Service-Learning In Information Systems Courses: Community Projects That Make A Difference, 14(1), PP. 91-100

A.T. Jarmoszko, A. T.
The Integration of Technology Theory and Business Analysis: A Pedagogical Framework for the Undergraduate MIS Course in Data Communications and Networking, 14(4), pp. 353-364

Jewels, Tony
The Dag-Brücken ASRS Case Study, 14(3), pp. 247-258

Jih, Wen-Jang
Simulating Real World Experience Using Accumulative System Development Projects, 14(2), pp. 181-192

Kerr, Don
Impact of Web Based Flexible Learning on Academic Performance in Information Systems, 14(1), pp. 41-50
The Use of Role-Playing To Help Students Understand Information Systems Case Studies, 14(2), pp. 167-172

Kjellin, Harald
Systematic Personal Training by Letting Students Teach Each Other, 14(4), pp. 349-351

Koong, Kai S.
Forming an Effective Information Systems Advisory Board, 14(1), pp. 133-136

Kuechler, William L.

Kordsmeier, William
Computer Availability and Applications in Selected European Business Schools, 14(2), pp. 173-180

Lang, Richard D.

Lenk, Margarita Maria
Service-Learning in Information Systems Courses: Community Projects That Make A Difference, 14(1), pp. 91-100

Logan, Patricia Y.
Bitten by a Bug: A Case Study in Malware Infection, 14(3), pp. 301-306

Logan, Stephan W.
Bitten by a Bug: A Case Study in Malware Infection, 14(3), pp. 301-306

Markham, Scott
Computer Availability and Applications in Selected European Business Schools, 14(2), pp. 173-180

McMaster, Tom
Using Cases As A Teaching Tool In IS Education, 14(3), pp. 229-234

Moody, Daniel L.
Introducing Peer Review in an IS Analysis Course, 14(1), pp. 101-117

Myers, Martha

Parker, Kevin R.
A Database Design Case: Teton Whitewater Kayak, 14(3), pp. 271-274

Peace, A. Graham
Selection and Use of MySQL in a Database Management Course, 14(4), pp. 393-399

Peckham, Joan M.

Peterson, Tim O.
Coming to Grips with the Management of Information: A Classroom Exercise, 14(1), pp. 15-30

Pickering, Alison
The Use of Role-Playing To Help Students Understand Information Systems Case Studies, 14(2), pp. 167-172

Pitt, Ronald E.
Teaching Digital Multimedia as a Component of Business Education, 14(1), pp. 31-40

Pons, Alexander P.
Database Tuning and Its Role In Information Technology Education, 14(4), pp. 374-380

Ramiller, Neil C.
Making the Case: The Systems Project Case Study as Storytelling, 14(2), pp. 153-166

Rea, Alan

Records, Harold A.
Teaching Digital Multimedia as a Component of Business Education, 14(1), pp. 31-40

Russell, Jack
Analysis and Design: Assessing Actual and Desired Course Content, 14(1), pp. 77-90

Sanders, Aaron D.
Utilizing Simple Hacking Techniques to Teach System Security and Hacker Identification, 14(1), pp. 5-14

Schatzberg, Laurie
Customer Service at SWU’s Occupational Health Clinic, 14(3), pp. 241-246

Simkin, Mark G.

Sindre, Guttorm
Introducing Peer Review in an IS Analysis Course, 14(1), pp. 101-117

Sivitanides, Marcos
An Empirical Investigation of the Relationship Between Success in Mathematics and Visual Programming Courses, 14(4), pp. 401-408

Solyberg, Arne
Introducing Peer Review in an IS Analysis Course, 14(1), pp. 101-117

Sterling, Gregory D.
Faculty and Industry Conceptions of Successful Computer Programmers, 14(4), pp. 409-417

Stenfors, Terese
Systematic Personal Training by Letting Students Teach Each Other, 14(4), pp. 349-351
Tastle, William J.
Analysis and Design: Assessing Actual and Desired Course Content, 14(1), pp. 77-90

Troth, Ashlea
The Use of Role-Playing to Help Students Understand Information Systems Case Studies, 14(2), pp. 167-172

Volkoff, Olga
Configuring an ERP System: Introducing Best Practices or Hampering Flexibility?, 14(3), pp. 319-324

Wade, Chuck
The U.S. Treasury Tests A New Payment Mechanism, 14(3), pp. 259-270

Wagner, Christian
Teaching Tip Put another (B)Log on the Wire: Publishing Learning Logs as Weblogs, 14(2), pp. 131-132

Wang, Ming

White, Doug

White, Garry
An Empirical Investigation of the Relationship Between Success in Mathematics and Visual Programming Courses, 14(4), pp. 401-408
